bridging
the road

CISCO GR-303
TDM Gateway

Your business

customers expect and demand
value-added **voice and data**
services at competitive prices.

The Cisco 6700 series maximizes
today's analog voice infrastructures
with its powerful **GR-303** TDM gateway.
The key to this solution's success is its
open architecture and modular design.

[Cisco 6732]

Can your network deliver
differentiated integrated
voice and data communications
reliably and cost-effectively?

Voice carriers know that their
competitive edge depends on their
ability to maximize the use of their
existing TDM switching infrastructure.
The **Cisco 6732** provides the bridge
necessary to profitably transition from
today's circuit-switched systems to the
packet based networking solutions of
tomorrow from a single platform.

Cisco 6700 Series GR-303 TDM Gateway Benefits

The Cisco GR-303 TDM gateway offers several industry-first
innovations that provide significant and measurable efficiencies
with infrastructures that include a Class 5 switch:

- **Multi-interface group support per chassis:**
The Cisco 6732 can support multiple interface
groups simultaneously, allowing the carrier
to provision and support more than
5500 subscribers from a single chassis.
- **Class 5 switch interface options:**
The Cisco 6732 can interface to the **Class 5**
switch over **GR-303** using a **DS1** or **STS-1**
(synchronous transport signal level 1) interface.
- **Dense narrowband, wideband, and
broadband interfaces:**
The Cisco 6700 series supports a wide variety
of interfaces.
- **Multiservice access platform (MSAP):**
Service providers can support today's
revenue-generating **TDM services** (telephony)
and migrate to **ATM services** (high-speed
Internet access, data and VoX services).

Take advantage of our Free Voice Offer Before it Disappears

For a limited time, service providers can enhance
their TDM network with The Cisco GR-303 TDM gateway
free of charge. Cisco will include its carrier-class GR-303 TDM
gateway software and a one year SPBase customer support
services contract free with every Cisco 6732 purchased.

Here's what you get:

- **Free** Software license for Cisco 6732 GR-303
interface with a Class 5 switch: **US \$3,500 list price.**
- **Free** 24x7 Technical support SPBase: **US \$4,300
list price.**
- **Free** Access to the award-winning Cisco Connection
Online (CCO) Web site for one year (solution software
and technical documentation updates and downloads).
